and for Flexible and Alternative Regulation.)	

This matter comes before the Public Service Commission of South Carolina ("the Commission") by way of a Motion to Intervene Out of Time filed June 4, 2001, by the South Carolina Telephone Coalition ("SCTC") in the matter of the Application of KMC Data, LLC ("KMC Data" or "Applicant") for authority to provide local exchange and interexchange telecommunications services in the State of South Carolina and for flexible and alternative regulation. On May 5, 2001, the Commission issued a Notice of Filing giving notice of KMC Data's Application and stating that the return date for comments or intervention in this matter was May 29, 2001.

In its Motion to Intervene Out of Time, SCTC states that due to a posting error on their calendar, which is kept for purposes of monitoring CLEC activity, the date to intervene in this docket was erroneously entered as June 29, 2001, rather than the correct date of May 29, 2001. Additionally, SCTC's Motion states that their counsel has

discussed the request to intervene out of time with counsel of the Applicant, and that KMC Data has no objections to the Commission's granting of this Motion.

After reviewing SCTC's Motion to Intervene Out of Time and KMC Data's consent to this Motion, we hereby grant SCTC's request to file a Petition to Intervene in this docket.

IT IS THEREFORE ORDERED THAT:

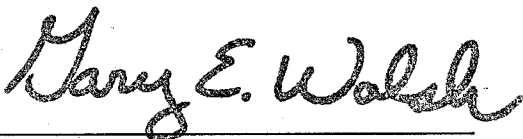

1. SCTC's Motion to Intervene Out of Time is granted.
2. This Order shall remain in full force and effect until further Order of this Commission.
